Introductory.

 PRESENTING Volume XXVI, of the Atlanta City Directory, the publishers do so, with two main objects in view, viz: **Completeness and Accuracy.** First to give all the information that may be reasonably expected, and found in any city directory, and then to give it with the nearest possible approach to accuracy.

The publishers have many years of experience in publishing city directories, and are second to no other firm in the business.

POPULATION.

In our canvass we have included all the suburban towns (and were the *first* publishers of the Atlanta City Directory to do this), the rule adopted for years in all cities in which we publish. In the present volume we have included Decatur, Kirkwood, South Kirkwood, Edgewood, East End, College Park, East Point, Hapeville, Oakland City, East Atlanta, South Atlanta, North Atlanta, Atlanta Knights, Brookwood, Howell's Station, Bellwood, Fort McPherson, Reynoldstown, South Bend, East Lake, Chastaintown, Pittsburg, Ormewood Park, and all territory tributary to the city.

Atlanta and all suburbs included, has a population today of **148,940**, an increase of 5,036 since the issue of our last directory. Atlanta proper, and immediate vicinity, adjacent to the city limits, we estimate to be **135,735**.

ATLANTA'S GROWTH.

(The publishers are indebted to Mr. J. H. Goldsmith, Comptroller, for the following data).

The bonded debt of Atlanta is as follows:

Water bonds, first series.....	\$ 327,000 00
Water bonds, second series.....	100,000 00
Water bonds, new works.....	946,000 00
Georgia Western Railroad bonds.....	300,000 00
Floating debt bonds.....	100,000 00
Redemption bonds	1,249,000 00
Capitol bonds	55,500 00
West End bonds.....	50,000 00

Total bonded debt.....\$3,127,500 00

Assets held by Sinking Fund Comm'n..\$129,695 18
 Additions to sinking fund in 1902 126,600 50—\$ 256,295 68

Net liabilities\$2,871,304 32

Total assets of the city.....\$5,926,100 00

Net liabilities\$2,871,304 32

Value of assets over liabilities.....\$3,054,795 68

There is no floating debt; the city carries over a cash balance at the end of each year.

The above statement does not include railroad property within the city limits amounting to nearly two million dollars. The tax returns do not include public property, churches, charitable organizations, etc., which amount to nearly ten million dollars.

ATLANTA'S FUTURE EXCEEDINGLY BRIGHT.

The wonderful developments in the past year or two has been phenomenal. Atlanta has today the finest street railway system to be found in any city. The Whitehall street viaduct has made a wonderful change in this thoroughfare. The new Union passenger station,

for which the last legislature appropriated half a million dollars, is soon to be erected. A bill appropriating half a million dollars for improvements and additions to the Atlanta Postoffice and Custom House has just been passed in the United States Senate, through the indomitable perseverance, untiring energy and sleepless enterprise of Senator A. S. Clay, Hon. L. F. Livingston and Major William H. Smyth. The million dollar Empire building, the Federal Prison, the new Courthouse Annex, the Carnegie Library recently completed, with such structures as the Century building, Peters building, the palatial Piedmont Hotel, now towering in the clouds, besides gigantic industries like Swift & Company and Armour & Company fertilizer plants, and Southern Rug & Carpet Mills, which have been recently put in operation, and scores of others, mention of which space forbids.

The publishers return thanks for the interest manifested by the majority of the business men of the city in their behalf, and for the liberal financial encouragement extended them in their laborious work. In conclusion we renew our promise to make each succeeding issue more worthy of commendation and patronage.

Very Respectfully,

JANUARY, 1902.

THOMAS J. MALONEY, Mgr.

MARIETTA, GA., Feb. 18, 1901.

This is to certify that my wife had the Dropsy for two years. During that time she was treated at Valdosta, Milledgeville, Madison, Atlanta and Marietta by the very best physicians that money could employ. She had been tapped and great quantities of water taken from her. My family, friends and doctors had given up all hope; we did not believe she would live but a short time. On November 6, 1900, she began taking O. E. Collum's wonderful Dropsy Medicine, and in six weeks she had completely recovered, was sound and well. At the time she began using his medicine she could not sit up or turn over in bed. You have my permission to write me for any further information.

Address me in care of Baldwin Grocery Co.

ATLANTA, GA., May 29, 1900.

This is to certify that I was afflicted with dropsy for about two years had made my will and all preparations to die, couldn't lie down for four months, tried the very best physicians of Atlanta without success, whereas the fourth day after using COLLUM'S Wonderful Dropsy Cure I could sleep well at nights and am now sound and well. I believe MR. COLLUM'S Medicine will do all he claims it to do.

With confidence I say that O. E. COLLUM'S DROPSY CURE will cure you after all others fail. Cicero Cochran had dropsy and I wrote to O. E. Collum for medicine for him, and it cured Mr. Cochran in 31 days. After all home doctors failed to cure him, Collum's medicine made a sure cure.
J. W. HARDEMAN.

ACWORTH, GA., May 25, 1898.

To Whom it May Concern:

I will say that O. E. COLLUM'S DROPSY MEDICINE is a sure cure. I had dropsy and home doctors failed to cure me. I tried O. E. COLLUM'S DROPSY CURE and it

cured me in 25 days. I am healthier and stouter than ever before.

You Can Write

For goods and be served as well as those who come to the store. The only difference is you pay postage or freight or express. Send for our illustrated Catalogue and Price-List; it contains over ten thousand articles—prices and pictures. You see how useful a Catalogue of this kind is. Send back whatever you don't want when you see it. Things of our own make, send back if not satisfactory, even after they are partly used and good for nothing as merchandise. The only exceptions to "your money back if you want it" are brushes, combs, syringes, etc., articles that cannot be resold for sanitary reasons. Get the money to us in whatever way is convenient to you. When you do not know exactly how much to send, send enough—we send back the change.

The Latest and Best Typewriter

Is the New Model

No. 4 Williams

For 1901.

WHY?

A MACHINE OF THE . . .
. . . HIGHEST STANDARD

Because it allows every letter to be seen while it is being printed.

You can learn to operate it very much easier and quicker than you can any of the "blind" machines. It prints like a press and does the neatest, prettiest work.

It's the most economical, for it uses pads instead of a ribbon.

It is the strongest and best manifold. Has the single shift, standard keyboard.

Its alignment is perfect and permanent, and its durability can not be equaled.

**Liberal Allowances for second-hand Machines in
Exchange for New Williams.**

Ribbons, Paper, Carbon and Supplies for all Typewriters.

**Most thorough repair department in the
south. Write for catalogue.**
